Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Decides to apply for a credit card. - Reviews eligibility requirements. - Collects financial and employment details.	- Opens the web application. - Enters personal and financial information. - Submits the details for prediction.	- Views the approval/rejection prediction. - Understands eligibility status. - Decides whether to proceed with the formal application or improve financial profile.
Touchpoint <i>What part of the service do they interact with?</i>	- Bank website. - Credit card information page. - Eligibility guidelines.	- Flask web application. - Input form. - Prediction button.	- Prediction result page. - Approval/Rejection message. - Recommendation or next-step guidance.
Customer Thought <i>What is the customer thinking?</i>	- Am I eligible for this credit card? - Will my income be sufficient? - Do I meet the bank's requirements?	- I hope I entered the correct information. - How accurate will this prediction be? - I want quick results.	- What should I do next? - Can I confidently apply now? - If rejected, how can I improve my eligibility?

Customer Feeling <i>What is the customer feeling?</i>	• Curious. • Hopeful. • Uncertain.	• Slightly anxious. • Expectant. • Engaged.	• Relieved if approved. • Motivated to improve if rejected. • Confident in making an informed decision.
Process Ownership <i>Who is in the lead on this?</i>	• Customer • Bank	• Customer • Machine Learning Prediction System	• Machine Learning Prediction System • Customer
Opportunities <i>How can we improve this stage?</i>	• Provide clear eligibility guidelines. • Explain required financial criteria. • Offer educational resources.	• Simplify the input form. • Improve prediction speed. • Validate user inputs automatically.	• Provide reasons for the prediction. • Suggest ways to improve eligibility. • Offer a direct link to the official application process
